20/05/2020

Dear Parent/Guardian/Student,

Some reminders for the Summer Assessments which begin next Monday:

- Students will receive a link to their Summer Assessment via their school email account. The link will be sent at the times highlighted in the assessment timetable below.
- The exam will remain open/live for 24 hours for the students to complete. This is to facilitate those who may not have access to devices during the school day.
- The exams will be approximately 1 hour in length (Some may be shorter depending on how much assessment has been done in particular subjects over the last number of weeks). They are expected to be completed in one sitting.
- The exams will be open book exams so students may use their books.
- Students need to ensure that they click the submit button at the very end of the assessment. If they do not click submit, their exam will not be registered for correction.

We have asked the students to remain calm if they encounter any difficulties with either accessing the link sent or in following any of the above steps. They have been asked to send an email to the email address where the link was sent from so that we can work to resolve any issues. As you will appreciate, this is both the schools and your son's first time to carry out Summer Assessments this way and although we are all doing our best to ensure it works as smoothly and efficiently as possible, issues may arise. Should issues arise, we would ask for your patience and understanding in these unprecedented times.

Many thanks for your continued support,

If you have any queries email us here at [info@summerhillcollege](mailto:info@summerhillcollege) or phone 0860584733.

Regards,  
Paul Keogh  
Principal
